Profiles of Geoscientists

Eric Frodesen

**Senior Geologist
Western-Atlas International
Houston, TX**

Job Description:
Senior Geologist

Advice to Students:

"Change, get a lot of different experiences and make yourself - try to make yourself invaluable. Have a skill that nobody else has at the time, or that very few people do."

Video Transcript 1:

"I think some people kind of bury themselves in some place for eight or ten years and when the next opportunity came they were just too far into that opportunity. You see, you need to keep current. Change, get a lot of different experiences and make yourself - try to make yourself invaluable. Have a skill that nobody else has at the time, or that very few people do."
